

ISLE OF ARRAN

BREWERY

ARRAN MILESTONE alc 6.0%

Milestone was produced to mark the 1000th brew on Arran. Bottle conditioned beer was chosen due to the increasing demand for the excellent characteristics and flavour produced by having beer with live yeast in the bottle.

Milestone is a luxurious deep amber colour with a well balanced fruit malt and floral hop aroma. It has a distinct barley wine old ale character but is light to drink.

It has a slightly sweet flavour with a long bitter sweet after taste from the finest Cascade and Styrian Golding hops.

This beer has a superb character and has been described as a real "beer for the beer drinking person".

It is equally good drunk on it's own as it is with most, fuller flavoured, foods.

Arran Milestone won a Gold Star at the Great Taste of Britain awards 2010.

**Available in
12x500ml Bottles**
